COUNTY PROFILE

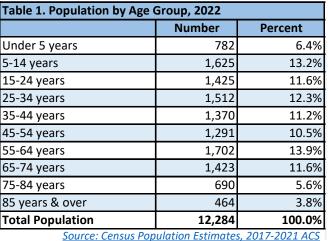

Chippewa Co.

Chippewa Co. is a part of Economic Development Region 6W, which is located in the Southwest Planning Region.

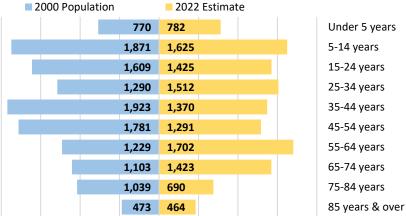

POPULATION CHARACTERISTICS

Chippewa Co. is the 61st largest of the 87 counties in the state. Its population decreased over the past decade, ranking as the 58th fastest growing in the state from 2010 to 2022. Chippewa Co.'s population has an older median age than the state and a larger percentage of people aged 65 years and older. The population is aging, especially as the Baby Boom generation moves through the population pyramid (see Figure 1).

Chippewa Co. suffered a negative natural increase - more deaths than births from 2020 to 2022, but also experienced net out-migration - meaning more people moved out than moved in. Despite suffering domestic out-migration, Chippewa Co. welcomed net international inmigration - gaining new Minnesotans from foreign countries (see Table 2).

The labor market had grown extremely tight in recent years, with less than 1 jobseeker per vacancy until the pandemic recession intervened in early 2020 and the number of unemployed workers spiked. Job vacancies in Southwest reached new highs in the 4th guarter of 2021, quickly bringing back challenges in finding new workers and 2022 showed the lowest jobseeker-per-vacancy ratio on record (see Figure 8).

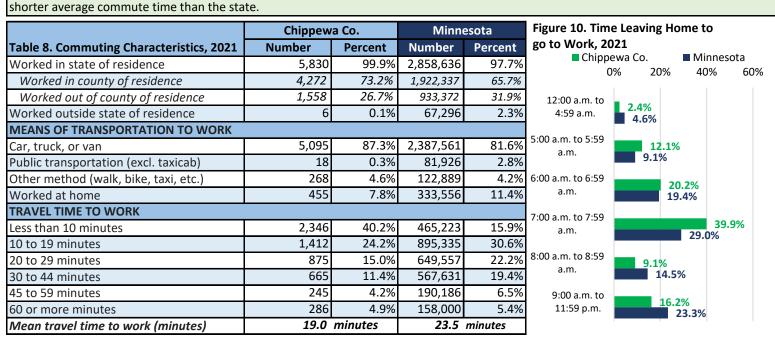

LABOR FORCE CHARACTERISTICS

Chippewa Co. had a lower labor force participation rate than the state. The labor force in Chippewa Co. is less racially diverse than the state (where 82.6% of workers are white alone), but is becoming more diverse over time.
